FOUNTAIN VALLEY POLICE DEPARTMENT TAKING BACK UNWANTED PRESCRIPTION DRUGS

ON APRIL 30th 2016 AT 10200 SLATER AVE. FOUNTAIN VALLEY CA. 92708.

On April 30th from 10 a.m. to 2 p.m. the Fountain Valley Police Department and the Drug Enforcement Administration (DEA) will give the public its eleventh opportunity in six years to prevent pill abuse and theft by ridding their homes of potentially dangerous expired, unused, and unwanted prescription drugs. Bring your pills for disposal to the Fountain Valley Police Department at 10200 Slater Ave. Fountain Valley, Ca. 92708. (The DEA cannot accept liquids or needles or sharps, only pills or patches.) The service is free and anonymous, no questions asked.

Last September, Americans turned in 350 tons (over 702,000 pounds) of prescription drugs at nearly 5,000 sites operated by the DEA and state and local law enforcement partners. When those results are combined with what was collected in its ten previous Take Back events, DEA and its partners have taken in over 5.5 million pounds—more than 2,750 tons—of pills.

This initiative addresses a vital public safety and public health issue. Medicines that languish in home cabinets are highly susceptible to diversion, misuse, and abuse. Rates of prescription drug abuse in the U.S. are alarmingly high, as are the number of accidental poisonings and overdoses due to these drugs. Studies show that a majority of abused prescription drugs are obtained from family and friends, including from the home medicine cabinet. In addition, Americans are now advised that their usual methods for disposing of unused medicines—flushing them down the toilet or throwing them in the trash—both pose potential safety and health hazards.
